REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The closest piece of prior art examiner could find addressing applicant's claims is Gallagher et al #2005/0129211. However, Gallagher et al fails to disclose applicant's step of registering an association/binding between a call center's network address and the call center's address of record at a node. Neither does Gallagher et al teach applicant's other registering step of registering a plurality of bindings/associations between the network addresses. In Gallagher's system the agent's SIP address is given to the customer so that the customer can thereafter contact the agent and thereby by-pass the call center's entry system. In applicant's system the customer still contacts the call center, but the call center forwards the call to the agent, without giving the agent's network address to the customer. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's apparatus as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Creighton H. Smith whose telephone number is 571/272-7546. The examiner can normally be reached on M-F, alternate Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Fan Tsang can be reached on 571/272-7547. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
